Dear Ed,

Enclosed please find copies of letters to Msrs. Krebs and Cranston in support of H.R.1771 and S.88 transferring Mineral King into Sequoia National Park.

We are not in a position at this time to work in coalition with you on the campaign, but you have permission to use our name as you see fit - taking care to identify us as ECOLOGY TASK FORCE OF THE SOUTHERN CALIFORNIA COUNCIL OF CHURCHES (not just the council of churches.)

Best wishes to you in this project. It looks as if government action is all that can save us from these destructive "development" schemes. When asked about western civilization, Ghandi is reported to have said that he thought it would be a good idea. Most of the time I'm inclined to agree with that analysis.

Peace ... and NO NUKES,

Albert G. Cohen
